Every year we go home from KMI with great ideas to become a disciple maker only to realize our own churches do a poor job at making disciples. This workshop will help you go home with tangible ideas to start a discipling making ministry in your church through already existing small groups.

1. If you were a new believer in the church you attend what is the process or plan for you to be discipled?

2. Who would do it?

3. What does a biblical process look like?

2 Timothy 2:2, Matthew 28:19-20

4. What is discipleship?

Titus 2:4, 2 timothy 2:2, Ephesians 6:4, Matthew 28:20, Hebrews 3:13, Hebrews 10:24-25, 1 Peter 4:10, Acts 18:24-26

5. How did Jesus make disciples?

Mark 3:13-14, Proverbs 27:17 (NIV)

Groups with a Purpose

Discipleship Covenant

The purpose of this small group is to make disciples like Jesus made disciples. I will spend time together with the other members of this group to get to know one another, I will study the Bible and make biblical application for my life. I will be held accountable to grow spiritually through the development of spiritual disciplines of reading, studying, memorizing and meditating. We will also develop the skills of prayer and sharing the good news with our friends, and I will hold the other members of this group accountable to the same thing. Upon the prompting of the Holy Spirit with the mutual confirmation from among the group members I will leave this group and start a group of my own, implementing the things I have learned while a part of this group.

What do I teach in my group?
